WORK EXPERIENCE:

Full Stack Developer Internship | Naresuan University

December 2024 - Present

Project : eGov Travel Request System

Developed a web application for online official travel requests using Next.js for both frontend and backend.
- Built core functionalities including form submission, authentication, and PDF generation using react-pdf
- Implemented data visualization using chart.js to display approval/rejection statistics and corresponding reasons
- Developed interactive charts to visualize requested budget by month and year for each user
- Worked closely with university staff to analyze requirements and enhance user experience based on real-world feedback
- Reduced paper-based workflows and approval processing time, resulting in a faster and more efficient process.

Project at Mahasarakham University

December 2023 - Present

Project : Horror Hunt Game 3D

Developed a first-person survival horror game focused on exploration and tension-driven gameplay. Key features include flashlight mechanics with limited battery, AI enemies that detect and chase the player, 3D audio with jump scares, puzzle-solving, item progression, and a save/load system.
Technologies Used:
Unreal Engine 5, Blueprints, C++, Quixel Megascans, 3D Audio

Side Project

Project BlogApp

Developed a blog web application using Next.js and MongoDB. The application features user authentication via NextAuth to allow users to sign up, log in, and manage their profiles. An admin dashboard was implemented for managing posts, comments, and users. The admin can create, edit, and delete posts, as well as moderate user comments. The application is designed to be user-friendly, responsive, and scalable for future features.
Technologies Used:
Next.js, MongoDB, NextAuth, CSS, Tailwind CSS, Git

SKILLS:

Programming Languages   **Good:** HTML, CSS, JavaScript, TypeScript | **Basic:** PHP, C# Java, Python, Go

Frontend   **Good:** React, HTML, CSS, Tailwind | **Basic:** Vue, Angular

Backend   **Good:** Next.js Node.js, | **Basic:** php, java

Database   **Good:** MongoDB, MySQL **| Basic:** , PostgreSQL, Oracle

Framework / Library / Tools   **Good:** Next.js, Vite, Tailwind, Express, Mongoose, Prisma (ORM), Postman, Git, ChatGPT | **Basic:** Nuxt.js, Figma, Docker, .NET, Bootstrap

Game Development Tools & Engines   **Basic:** Unity, Unreal Engine, Blender

Mobile App Development   **Basic:** React Native, Flutter

EDUCATION:

Bachelor of Science in Information Technology

Mahasarakham University | GPAX : 2.67

CERTIFICATION

2025

| **Next.js Dashboard Development and Deployment**
Online course offered by FutureSkill
